BASKETBALL CAMP

SCC DEVELOPMENTAL BASKETBALL

Session Breakdown

This is a camp focused on fundamental development. There are no games, no awards, no frills. If you can't dribble and you can't shoot, then you can't play. There is a high emphasis placed on individual attention and each athlete will notice dramatic differences in their ability after five days. – which is why the session has a limit of participants.

Each week will focus on dribbling, shooting and footwork.

–A full 30–40 minutes of ball handling every day, with a strong focus on two ball dribbling

–Each player will have there shot examined and corrected, emphasizing correct shooting form.

–Footwork is the foundation. There will be a strong attention placed on footwork while attacking the basket, shooting off the pass and dribble, and attacking a defender from the triple threat position.
